smiles n' stuff

The only place where you can buy a smile

Step into the captivating world of Smiles n' Stuff (SNS), where joy and charm flourish! SNS offers abundant smiles and purchases that spread happiness far and wide. ✨

Within this enchanting haven, we proudly introduce our exceptional students with disabilities. SNS stands as a vibrant retail oasis within Al Noor, where dreams come to life through vocational training.

SNS embodies artistry and creativity, with products lovingly handcrafted, stitched, and baked, each narrating tales of determination and dedication.

SNS isn't just a store; it's an opportunity to be part of something extraordinary. By embracing our creations, you acquire beautifully crafted treasures and support the Determined Ones on their journey to empowerment.

Explore a diverse range of wonders, from fashion to home decor. All these exquisite offerings are crafted within the heart of Al Noor's Vocational Training Units.

Through vocational training, our students transform into independent, confident contributors to society's tapestry.

Step into Smiles n' Stuff, where shopping is a celebration, and each purchase is a stride towards a brighter tomorrow. Join us in weaving the fabric of empowerment, one radiant smile at a time! 🧶🧵

14 PRINTING TECHNOLOGY ITEMS

17 WOOD CRAFTED ITEMS

23 EMBROIDERED ITEMS AND ACCESSORIES

28 SUPPORT SMILES N' STUFF

Welcome to Smiles n' Stuff

Smiles n' Stuff is our own shop at Al Noor, where all the products made by our students are sold. We have four Vocational Units, Bakery, Printing Technology, Fashion Technology and Wood Design Technology unit. We make delicious cookies in the Bakery Unit. The book ends and pencil holders are made in the Wood Design Technology unit. The t shirts and mugs are printed in the Printing Technology unit and the bags are made in the Fashion Technology unit. The students who produced these items come from the Senior boys and girls unit and the Work Placement unit. All of them work on the items according to their ability. The final product that you see here is the result of the team effort of all these students.
